Fundraising Event – Movie Night

Invite your family, friends and supporters to a great night out while restoring sight at the same time! One movie night may be all you need to reach your fundraising goal. Use these handy tips to get started.

Information:

- A Cinema will usually charge you around $8 - $15 per ticket. Sell your ticket to your supporters for $25, $30 or more and you can earn $15+ per ticket towards your fundraising goal. Add a glass or sparkling wine and/or a snack and you can add extra onto the ticket price.
- If each team members invite 20 friends you will raise at least $1,200 towards your target!
- Organise prizes for a raffle. Think wine, hampers, gift certificates. Ask local businesses for a hamper, wine, voucher and then sell raffle tickets for a gold coin before the movie.
- Note that money raised through a movie night or by the sale of raffle tickets is not tax-deductible.
- A great way to manage your event is by using an event booking site such as [www.eventbrite.com.au](http://www.eventbrite.com.au) OR [www.trybooking.com](http://www.trybooking.com) where you can invite guests, manage RSVPs and collect funds. We can provide you with a Letter of Authority to fundraise.
